

On-Site Training is our Specialty

En-Safe Safety Training and Consulting Services

En-Safe has been providing professional training and consulting services for Industrial / Commercial / Institution (ICI) / Construction and Educational sectors since 1992. En-Safe is a privately owned company conducting business in YOUR community and has trained over 3,000 companies.

Courses are designed and approved by a Professional Engineer to meet or exceed legislative and industry standards and best practices. Also courses strive to meet the American National Standard Criteria for Accepted Practices in Safety, Health and Environmental Training (ANSI® Z490.1-2001) or they are in the process of being retooled to meet this standard.

Training can be customized to include specific operations or procedures which have been set up by your organization. To meet legislative requirements, employers may be required to provide additional job specific training.

En-Safe's more popular courses:

- ◆ WHMIS
- ◆ Working at Heights
- ◆ Confined Space
- ◆ Construction Heat ROTs
(*accredited TSSA Training Provider*)
- ◆ Lift Truck, Scissor and Boom
- ◆ Safety Management

A complete Matrix can be found at
www.en-safe.com

En-Safe's courses include Petroleum Oriented Safety Training (POST) Documentation in any applicable training course. En-Safe is an OPCA Accredited Training Provider.

Customized Documentation available at
www.safetyabc.com

Forms, Checklists and Work Permits for:

- ◆ WHMIS
 - ◆ Working at Heights
 - ◆ Confined Space
 - ◆ Construction Heat

Shared Training Courses (STC). What is STC?

- ◆ Matching up companies who require 1-6 employees trained. (*See Course Matrix for class Maximums*)
- ◆ Sharing the cost of the training
- ◆ Finding companies who are willing to host a class and have other companies attend. Require suitable area for theory and practical
- ◆ Training can be customized
- ◆ En-Safe forwards documentation to each company after the completion of the course

Who are Ideal Candidates for STC?

- ◆ Companies requiring 1-6 employees to be trained who would prefer enhanced on-site training
- ◆ Companies who and are willing to travel, if necessary
- ◆ ICI and Construction Sector companies
- ◆ Companies with some flexibility in order to match up with other companies
- ◆ General Contractors and their sub-trades
- ◆ Associations
- ◆ The GTA will be our Pilot area for the STC Program
